

SITUATIONAL LEADERSHIP®

THERE IS NO SINGLE "BEST" STYLE FOR LEADERSHIP

**World's
most widely used
leadership model**

The Situational Leadership Model is a powerful, yet flexible tool that enables leaders to diagnose the variables of any given situation and adapt their management styles to the behavioral needs of the individual or group they are trying to influence.

AUDIENCE

- Individuals in leadership roles
- Executives and managers at all levels

FORMAT

Instructor-led workshop and interactive discussion
